

# Adapter sets for single core bonding cables

for joint types MPFP and MPCP

### Product main features

- Suitable for all types of single core bonding cables, with and without semiconducting layer
  - Cable cross sections from 95 mm<sup>2</sup> up to 300 mm<sup>2</sup> (attend maximal diameter over cable jacket)
  - Easy, fast and safe to install
  - Compact dimensions
  - Tested according to IEC 60840 and IEC 62067 Annex G
- Fast, easy and safe to install, the adapter sets assure a moisture barrier by the adaptation of Brugg joints type MPFP and MPCP to be installed with single core bonding cables. The sets contain all the necessary components needed to enable a fast installation on site.

### Ordering information
